110.1 How does the President propose changes in the budget in between his annual transmittals of the budget?

After the President's Budget has been transmitted to the Congress, the President proposes changes in the budget by transmitting appropriations requests to revise the original budget request for the current year (supplemental) or budget year (amendment), including proposed appropriations language for legislative initiatives (e.g., items included in the budget as legislative proposals).

All proposed revisions must conform to the policies of the President. The requests may be for additional amounts or proposed changes in appropriations language that do not affect amounts previously requested, such as technical corrections or changes in a limitation on the use of trust funds. These requests may be either supplementals or amendments, depending upon when they are transmitted (see section 110.2).

You should make every effort to postpone actions that require supplemental appropriations. However, submit proposals that decrease or eliminate amounts whenever such changes are warranted. When requesting supplementals and amendments that increase the amounts contained in the budget, provide proposals for reductions elsewhere in the agency.

OMB will only consider requests for supplementals and amendments when:

- Existing law requires payments within the fiscal year (e.g., pensions and entitlements);
- An unforeseen emergency situation occurs (e.g., natural disaster requiring expenditures for the preservation of life or property);
- New legislation enacted after the submission of the annual budget requires additional funds within the fiscal year;
- Increased workload is uncontrollable except by statutory change; or
- Liability accrues under the law and it is in the Government's interest to liquidate the liability as soon as possible (e.g., claims on which interest is payable).

It generally takes a minimum of three weeks for OMB and the White House to consider agency proposals for supplementals or amendments that are not transmitted in the annual budget. Allow for this timing when making requests.

See section [82.10](#) for instructions on supplementals and amendments that will be transmitted with the budget. If the Congress has not completed action on your appropriations bill for the current year before the President transmits his request for the budget year, OMB will issue guidance on the presentation of any amendments to the President's current year request.

110.2 What are supplementals and amendments?

Supplementals are appropriation requests that are transmitted after completion of action on an annual appropriations bill by the Appropriations Committees of both Houses. They may be transmitted prior to, with, or subsequent to transmittal of the succeeding annual budget document. Supplemental requests that are known at the time the budget is prepared are normally transmitted to the Congress with the budget, rather than later as separate transmittals. However, each case will be decided separately. OMB representatives will inform you which supplementals will be transmitted with the budget so you can submit the necessary information. These supplementals may be:

- requesting additional amounts not previously anticipated; or
- requesting changes in appropriations language that do not affect amounts previously appropriated.

Amendments are proposed actions that revise the President's Budget request and are transmitted prior to completion of action on the budget request by the Appropriations Committees of both Houses of Congress. This includes appropriations language for activities authorized since transmittal of the President's Budget that were included in the budget as a legislative proposal.

110.3 What do I need to send to OMB?

You need to submit the following materials in both hard copy and electronic versions. Also, you should be prepared to revise the material, as appropriate, to reflect Presidential decisions.

(a) *Appropriations language.* (See section [95](#) for a more detailed explanation of appropriations language requirements.) With the expiration of section 251 of the Budget Enforcement Act, there is no longer a statutory procedure for "emergency" declarations. Nonetheless, OMB will continue to address supplemental and amendment requests for unforeseen and urgent requirements.

(1) *Supplementals.* Utilize exhibit [110A](#) to develop language for supplemental requests.

(2) *Amendments.* Prepare language for budget amendments in the format of exhibit [110B](#). Use the language proposed for the budget year in the President's Budget, not the current year appropriation as the base (i.e., make changes to the budget year proposed language).

(3) *Contingent funding previously appropriated.* For releases of previously appropriated funding made contingent on the President taking additional action, agencies should contact their OMB representative.

(b) *Justification.* Prepare a justification in accordance with applicable requirements of section [51](#). It should also include:

- The reason why additional funds are required in the fiscal year requested, identifying specifically which of the circumstances described in section [110.1](#) applies;
- An explanation of proposed language provisions, if necessary; and

- Pertinent data concerning the effect on Federal civilian employment.
- For *supplemental requests* only, include the following:
- The date when requested funds are needed for obligation;
- A statement of actual and estimated obligations for the year, prepared on a quarterly basis; and
- A statement of actual obligations by month, for the previous three months.

(c) *Explanation of request.* Provide a short explanation, including the effect of the request on outlays. This explanation should be suitable for transmittal to the Congress as part of the President's proposal. If appropriate, the explanation may be a synopsis of the major points that appear in the justification.

(d) *Letter from agency head.* Provide a letter from the head of the agency that includes a statement concerning the validity of obligations, as required by 31 U.S.C. 1108.
