

Proposed Exclusion for Tank Systems Included Within Nuclear Power Generation Facility Emergency Diesel Generators

Proposal to amend 40 C.F.R. § 112.1 as follows so as to exclude NRC-regulated tank systems included within nuclear power generation facility emergency diesel generators ("EDG") from SPCC regulation:

Section 112.1 is amended by inserting at the end of subsection (d) the following new subparagraph.

(7) Any storage tank system that is part of an emergency generator system at a nuclear power generation facility regulated by the Nuclear Regulatory Commission under 10 CFR part 50, appendix A, except that such tank must be marked on the facility diagram as provided in § 112.7(a)(3) if the facility is otherwise subject to this part.
